Most of our products are made to client's specifications.

*Minimum order quantities range from
1-10 depending on the item.*

*Please send us an email with as many details
as possible, to enable us to prepare a quotation for you.
And please do include your Name & contact details.*

www.bemoci.co.za • info@bemoci.co.za

BURLAP • HESSIAN • JUTE •

Explained •

Hessian • Burlap and • Jute all derive from the same plant.

Burlap

*is no more than an ancient
Name for Hessian and Jute.*

7oz HESSIAN

*is a loose weave fabric predominantly
used for Sacking (Potato, Coal, Ore, etc.)
Gardening, Agricultural and Mining applications.*

10oz (refined) Hessian

*is commonly known to be fabric used for
Hats, Bags, Shoes, Decorative and Craft projects, where a “clean”
and odour less fabric is required.*

10oz Laminated (refined) Hessian or JUTE

*is commonly used for
Bags and other applications where a stiff, non porous,
no dust, no odour, fabric is required.*

The Term BURLAP is often used by Artists and Crafters

10oz Industrial HESSIAN

is dusty and smelly.

*It is commonly used to make bags and for Gardening,
Soil Retention, Frost Cover, Sand Bags,
Agricultural and Mining applications.*

*10oz Industrial HESSIAN also appears under the Name of GEO
FABRIC*

12-14-16oz JUTE

*is dense and woven with a thick thread to add strength.
It is commonly used to make bags and other applications
where fabric strength is required.*

JUTE Bags also appear under Name of SHIPPING BAGS

*Commonly used for transporting and storing
Coffee and other Grains, Seeds, Tea,
Rice and other dry goods*

*Conclusion: Burlap Bags • Burlap Sacks and Hessian Bags
• Hessian Sacks are one the same*

BURLAP • HESSIAN • JUTE •

Explained •

Jute Bags • Jute Sacks

**are heavy weight • Rough looking Bags and Sacks
you most likely do not want as a Bag you carry or use every day.
Besides that, Jute is dusty and smelly when it comes into contact with
moisture.**

**While most people use JUTE to describe a
rustic looking Tote Bag or Drawstring Bags,
in reality they are •Hessian Tote Bags
•Hessian Drawstring Bags or
•Burlap Tote Bags •Burlap Drawstring Bags**

**Bemoci understands all 3 terms, Burlap, Hessian and Jute
and will pick the correct fabric for whatever you need
that is made out of what you may term as Burlap, Hessian or Jute**

**We would not offer you a real JUTE cutlery Bag because
you will not be impressed if we did make you a JUTE cutlery bag,
we will use Natural refined or Laminated Hessian**

**Besides all, JUTE can only be printed with BOLD Designs
and BOLD Lettering and is too dusty and smelly to use as a
Decor item, Gift Bag, Tote Bag, etc.**

The Term BURLAP is often used by Artists and Crafters

HESSIAN and JUTE are the most commonly used terms

**We use all 3 terms, BURLAP, HESSIAN and JUTE
throughout our Site to simplify things for you.**

In essence, all hessian is jute, but not all jute is hessian.

**Do not worry, Bemoci knows which Fabric
to use for which product.**

**7oz ♦ 10oz ♦ 12oz ♦ 14oz ♦ Geo Fabric
•Hessian •Jute Burlap Fabric for • Gardening
• Soil retention • Frost Cover • Agricultural • Industrial
• Manufacturing and • Mining applications
• Decorative • Crafts and other applications.**

BURLAP • HESSIAN • JUTE • Explained •

Hessian – Jute – Burlap all derive from the same plant
(see background picture)

Burlap is no more than an ancient Name for Hessian and Jute.

7oz Hessian is a loose weave fabric predominantly used for Sacking (Potato, Coal, Ore, etc.) Gardening, Agricultural and Mining applications.

10oz (refined) Hessian is commonly known to be fabric used for Hats, Bags, Shoes, Decorative and Craft projects, where a “clean” and odour less fabric is required.

10oz (refined) Laminated Hessian is commonly used for Bags and other applications where a stiff, non porous, no dust, no odour fabric is required.

10oz Industrial Hessian is dusty and smelly. It is commonly used to make sacks and for Gardening, Soil Retention, Frost Cover, Sand Bags, Agricultural and Mining applications.

12-14oz Jute is dense and woven with a thick thread to add strength. It is commonly used to make sacks and other applications where fabric strength is required. Commonly used for Coffee and other Grains.

• *Hessian • Jute • Burlap drinking straw Bags* •

Eco-friendly • Biodegradable & Compostable

•

*We make standard sized bags and
bags sized and customized
to your specifications,
from
2 Bamboo or Steel Straws
to however many straws
you need bags for*

• Hessian • Jute • Burlap drinking straw Bags •

• **Print & Embroidery Tips** •

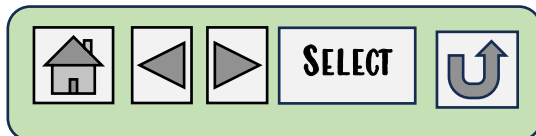

*for all Hessian, Burlap, and Jute Bags
MUST be BOLD (no lines less than 4px / 1.05mm) for best results.
The fabric threads contain natural oils hence,
tiny spots may not soak up the ink.
Resulting in fine line designs not looking great and
fine lined text may not be readable.
Strong • dark colours (Black, Brown, Maroon, Navy) produce
best results on Natural Hessian Bags.
We print with EU certified eco-friendly ink.
Some will not hesitate to brand a natural
Burlap, Jute, or Hessian item with a heat transfer
(a piece of printed vinyl)
which renders your carefully chosen Natural
•eco-friendly •biodegradable item into an item
that is at best recyclable only!*

•

We embroider Natural and Laminated Hessian. Simple, Bold, Designs with no or little fill in work best!

•

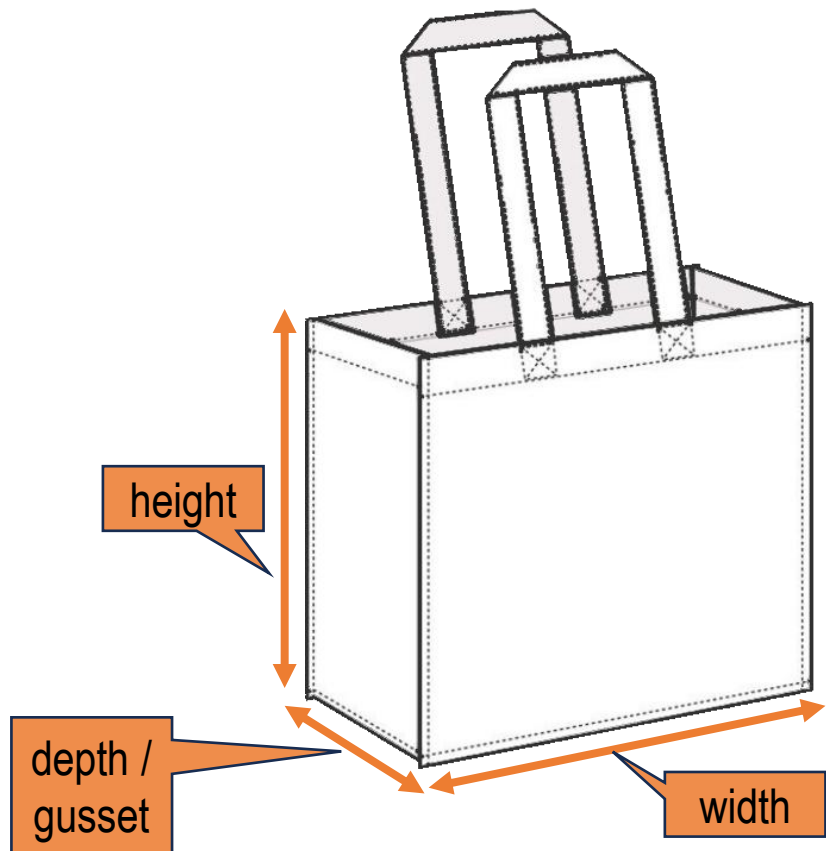

We will let you know whether your Design can be embroidered on Hessian or Jute, when you send us relevant Artwork(s).

• MESSENGER BAGS •

Hessian Messenger Bags

While we make the Messenger Bags with Natural (un-laminated) Hessian Laminated Hessian is recommended to give the Bags the Popular Boxy Messenger Bag Shape and make the Bag stand on its own.

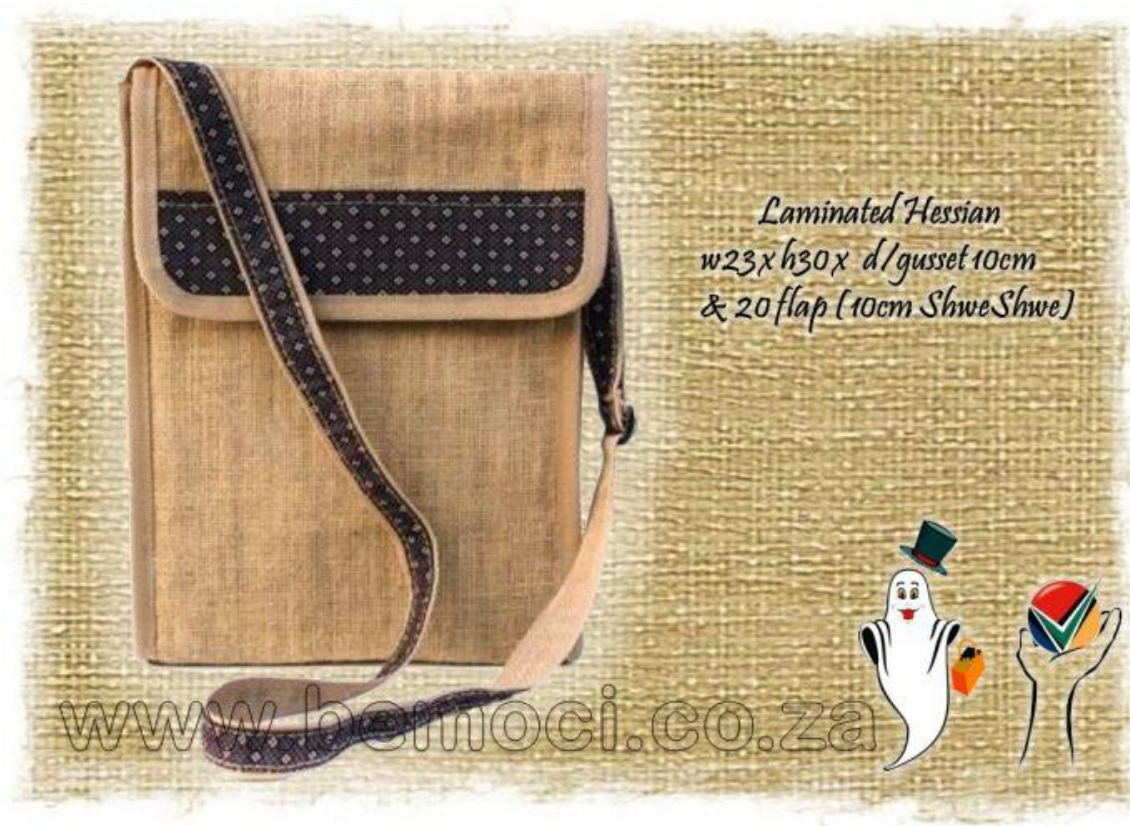

For Natural Hessian we strongly recommend lining. The lining can be plain, striped, checked or floral Cotton or fabric of your choice.

• WINE BAGS •

Hessian wine bottle bags and sleeves are incredibly adaptable, offering a blank canvas for your artistic expression. They can be transformed in numerous ways:

- *Screen-printed with logos, designs, or messages. Hand and machine embroidered for intricate detailing and a personalized touch.*

Embellish to Your Heart's Content: Easily stitch or glue on embellishments such as beads, flowers, or unique charms.

Finishing Touches: Complete the look by tying them with a ribbon of your choice, adding elegance and flair.

Whether for gifting, branding, or special occasions, Hessian wine bottle bags provide a rustic yet refined presentation that can be uniquely yours.

- *Ask us to customize and personalize the Wine Bags to suit your requirements, theme and occasion, or DIY.*

• **HESSIAN CUSHIONS • LAWN CUSHIONS •**

If your venue boasts an outdoor space, scattering large Hessian cushions or lawn cushions offers a fantastic way to enhance a natural, rustic theme and provide comfortable, relaxed seating for your guests.

These oversized cushions invite guests to unwind and enjoy the ambiance.

A word of caution:

Jute, being a natural fiber, can shed fibers onto clothing.

If your guests are wearing formal attire, we recommend a thin checked, printed, or natural cotton overlay for the cushions.

This simple addition ensures comfort without compromising your guests' outfits, allowing them to fully relax and enjoy your beautifully styled event.

100% Natural, Biodegradable, Compostable, Hessian or recyclable Laminated (waterproof) Hessian.

A Hessian Plant Pot Cover, Instantly adds a warm, earthy, and natural look, complementing various decor styles from farmhouse to bohemian.

We also make bottomless Pot Covers, used to cover a plant pot to fit in or blend in with a specific theme or venue.

Designed to slip over existing plant pots, these covers instantly transform their appearance, allowing your greenery to seamlessly integrate with your desired aesthetic.

Whether you're aiming for a rustic, romantic, elegant, or fun theme, our bottomless pot covers provide the ideal finishing touch without the need to re-pot.

All Bags, Covers and Wraps can be printed and embroidered. Or use your own talents and creativity and embellish them yourself.

Lace-edged plant pot covers are a highly sought-after choice for adding a touch of rustic elegance to weddings, corporate events, and other special occasions.

All Pot Bags, Covers and wraps are sized, customized and personalized to your specifications.

Also available in colour Hessian Fabric. MOQ applies, depending on size of bag, cover, or wrap.

• HESSIAN • SCROLLS • • HESSIAN Invitations • Certificate SCROLLS •

Our versatile Hessian scrolls offer multiple ways to convey your message, perfectly tailored to your event's aesthetic.

For a truly integrated design, we can screenprint or embroider your unique message, logo, or artwork directly onto the Hessian fabric. This method creates a premium, tactile finish that guests will love to unroll.

Paper Insert Scrolls:

Alternatively, you can glue, even decoupage, (we will do the decoupage for you) a personalized paper scroll on top of the Hessian, then roll it up. This option allows for more intricate designs and vibrant colours on the paper, while the Hessian acts as a beautiful, rustic outer casing.

Choose the combination that best captures the essence of your wedding, party, special occasion, or corporate event, ensuring your scrolls are as memorable as the event itself!

• HESSIAN • BASKETS •

Our charming Hessian baskets are crafted to be stiff and self-standing, offering a versatile, unique and rustic touch to your event, party, birthday, special occasion, decor or gifting.

The small ones are perfect for individual place settings, the larger one for the Person you are celebrating, or the Product you are launching.

Muffin-Sized Baskets:

These smaller baskets are ideal for individual place settings, perfect for holding small favors, treats, or a small gift.

Double Muffin-Sized Baskets:

Our larger baskets are double the muffin size, providing ample space for a more substantial gift or for a special presentation.

The baskets are stiffened naturally, to retain biodegradability, and stand alone.

for storage and shipping needs.
Their natural durability and breathable qualities
make them a superb, eco-friendly alternative for various goods.*

*If you plan to use them for this purpose,
you'll likely want them branded.
We can print or embroider your company logo,
product information, or any custom design
directly onto the bags, transforming them into
effective marketing tools or unique packaging solutions.*

• **Hessian /Jute/ Burlap GROW BAGS / SACKS** •

**100z Industrial Hessian Burlap Jute,
Soil, Plant, Potato Grow Bags & Sacks.**

25 & 50kg Bags/Sacks

• Hessian /Jute/ Burlap GROW BAGS / SACKS •

Our Hessian, Burlap, and Jute Grow bags offer an eco-friendly and effective solution for cultivating flowers, herbs, vegetables, and seedlings. Available in larger sizes, typically ranging from 50kg to 80kg capacity, these bags provide ample space for healthy root development.

One of the key advantages of our Hessian grow bags is their ease of

Plant Directly:

You can plant these bags or sacks as they are, either by placing them into a larger decorative pot or directly into the ground.

As the plant grows, the bags naturally biodegrade over time, enriching the soil and eliminating the need for transplanting, which minimizes root disturbance and promotes healthier plant growth. Choose our Hessian grow bags for a natural, hassle-free, and environmentally conscious gardening experience.

• *Hessian /Jute/ Burlap SPROUTING BAGS/SACKS* •

- **HESSIAN • JUTE • BURLAP •**
- **BRANDING OPTIONS •**

Creative and eco-friendly ways to brand your jute, burlap, and hessian products:

- **Screen-Print:** *This is a great option for a professional look, producing crisp designs and logos in a variety of vibrant colors.*
- **Stamp:** *Use a stamp for a charming, rustic, and handcrafted feel.*
- **Write or Paint:** *Get a personal, artistic touch by handwriting or hand-painting messages and artwork.*
 - **Embroider:** *For a premium and durable finish, hand or machine embroidery adds a sophisticated, tactile quality to your branding.*
- **Label:** *Attach a custom-designed label, which can be woven, printed, or debossed, for a distinct brand identity.*

To keep your items 100% eco-friendly and biodegradable, it's important to avoid vinyl heat-transfers and sublimation printing. These methods use synthetic materials that can compromise the natural properties of the fabric.
